Current Projects of Airports

International Airport Dnipro

UKRAINE, 26 000 SQ. M.

The terminal is designed to serve 1.6 million passengers a year, with a possible further expansion of up to 3 million a year without significant changes in technological processes.

International Airport Zaporizhzhia

UKRAINE, 12 300 SQ. M.

Designed according to current international standards, the terminal performs to class A and B energy efficiency levels.

International Airport Vinnitsa

UKRAINE, 11 000 SQ M

The facility has a reinforced concrete frame, some of the floor panels will be removed for the possibility of building the 2nd and 3rd floors up.

Completed Projects

Karavan Mall - Renovation

UKRAINE, 54 000 SQ. M. 2019

As a result of the work, the facade system (11000 sq.m) is completely replaced by a custom sandwich panel with bright slats and LED illumination, which will illuminate the facade in the dark.

Karavan Mall - Renovation Interior

UKRAINE, 54 000 SQ. M. 2019

The food court area has been refurbished with new furniture and seating areas. The raised ceiling gives more space, and the updated rollercoaster will have a bar counter at the ends and will place 1000 visitors for concerts.

Completed Projects

Apartment building, st.
Sribnokilskaya 3

UKRAINE, 70 000 SQ. M. 2007

Chief architect: Agafonova
Oleksandra

Atmosfera Shopping &
Entertainment Centre

UKRAINE, 70 000 SQ. M. 2012

Chief architect: Agafonova
Oleksandra

Hotel "Ramada Encore"
Business centre
"Europe"

UKRAINE, 80 000 SQ. M. 2012

Chief architect: Agafonova
Oleksandra

Hotel & Office Projects

Hotel and Office Center

UKRAINE, 10 500 SQ. M. 2020

Concept

Chief architect: Agafonov Oleksiy

Carribian Hotel And Resort

CARIBBEAN ISLANDS, 19 000 SQ. M. 2018

MEP Design, SD, DD stage

Chief architect: Hembert Penaranda

Completed Airport Projects

Terminal "A" of Kyiv
International Airport

UKRAINE, 14 500 SQ. M. 2012

MEP Design

Chief architect: BP-PM

Terminal "B" of Kyiv
International Airport

UKRAINE, 4 500 SQ. M. 2013

MEP Design, BIM, Instalation

Chief architect: Baranov Evgen

Terminal "D" of Kyiv
International Airport

UKRAINE, 4 500 SQ. M. 2013

MEP Design, Instalation

Chief architect: Agafonov Oleksiy

01

International Airport Zaporizhzhia

LOCATION

Zaporizhzhia, Ukraine - 12 300 sq. m.

PROJECT YEAR

2017 - 2020

CHIEF ARCHITECT

Agafonov Oleksiy

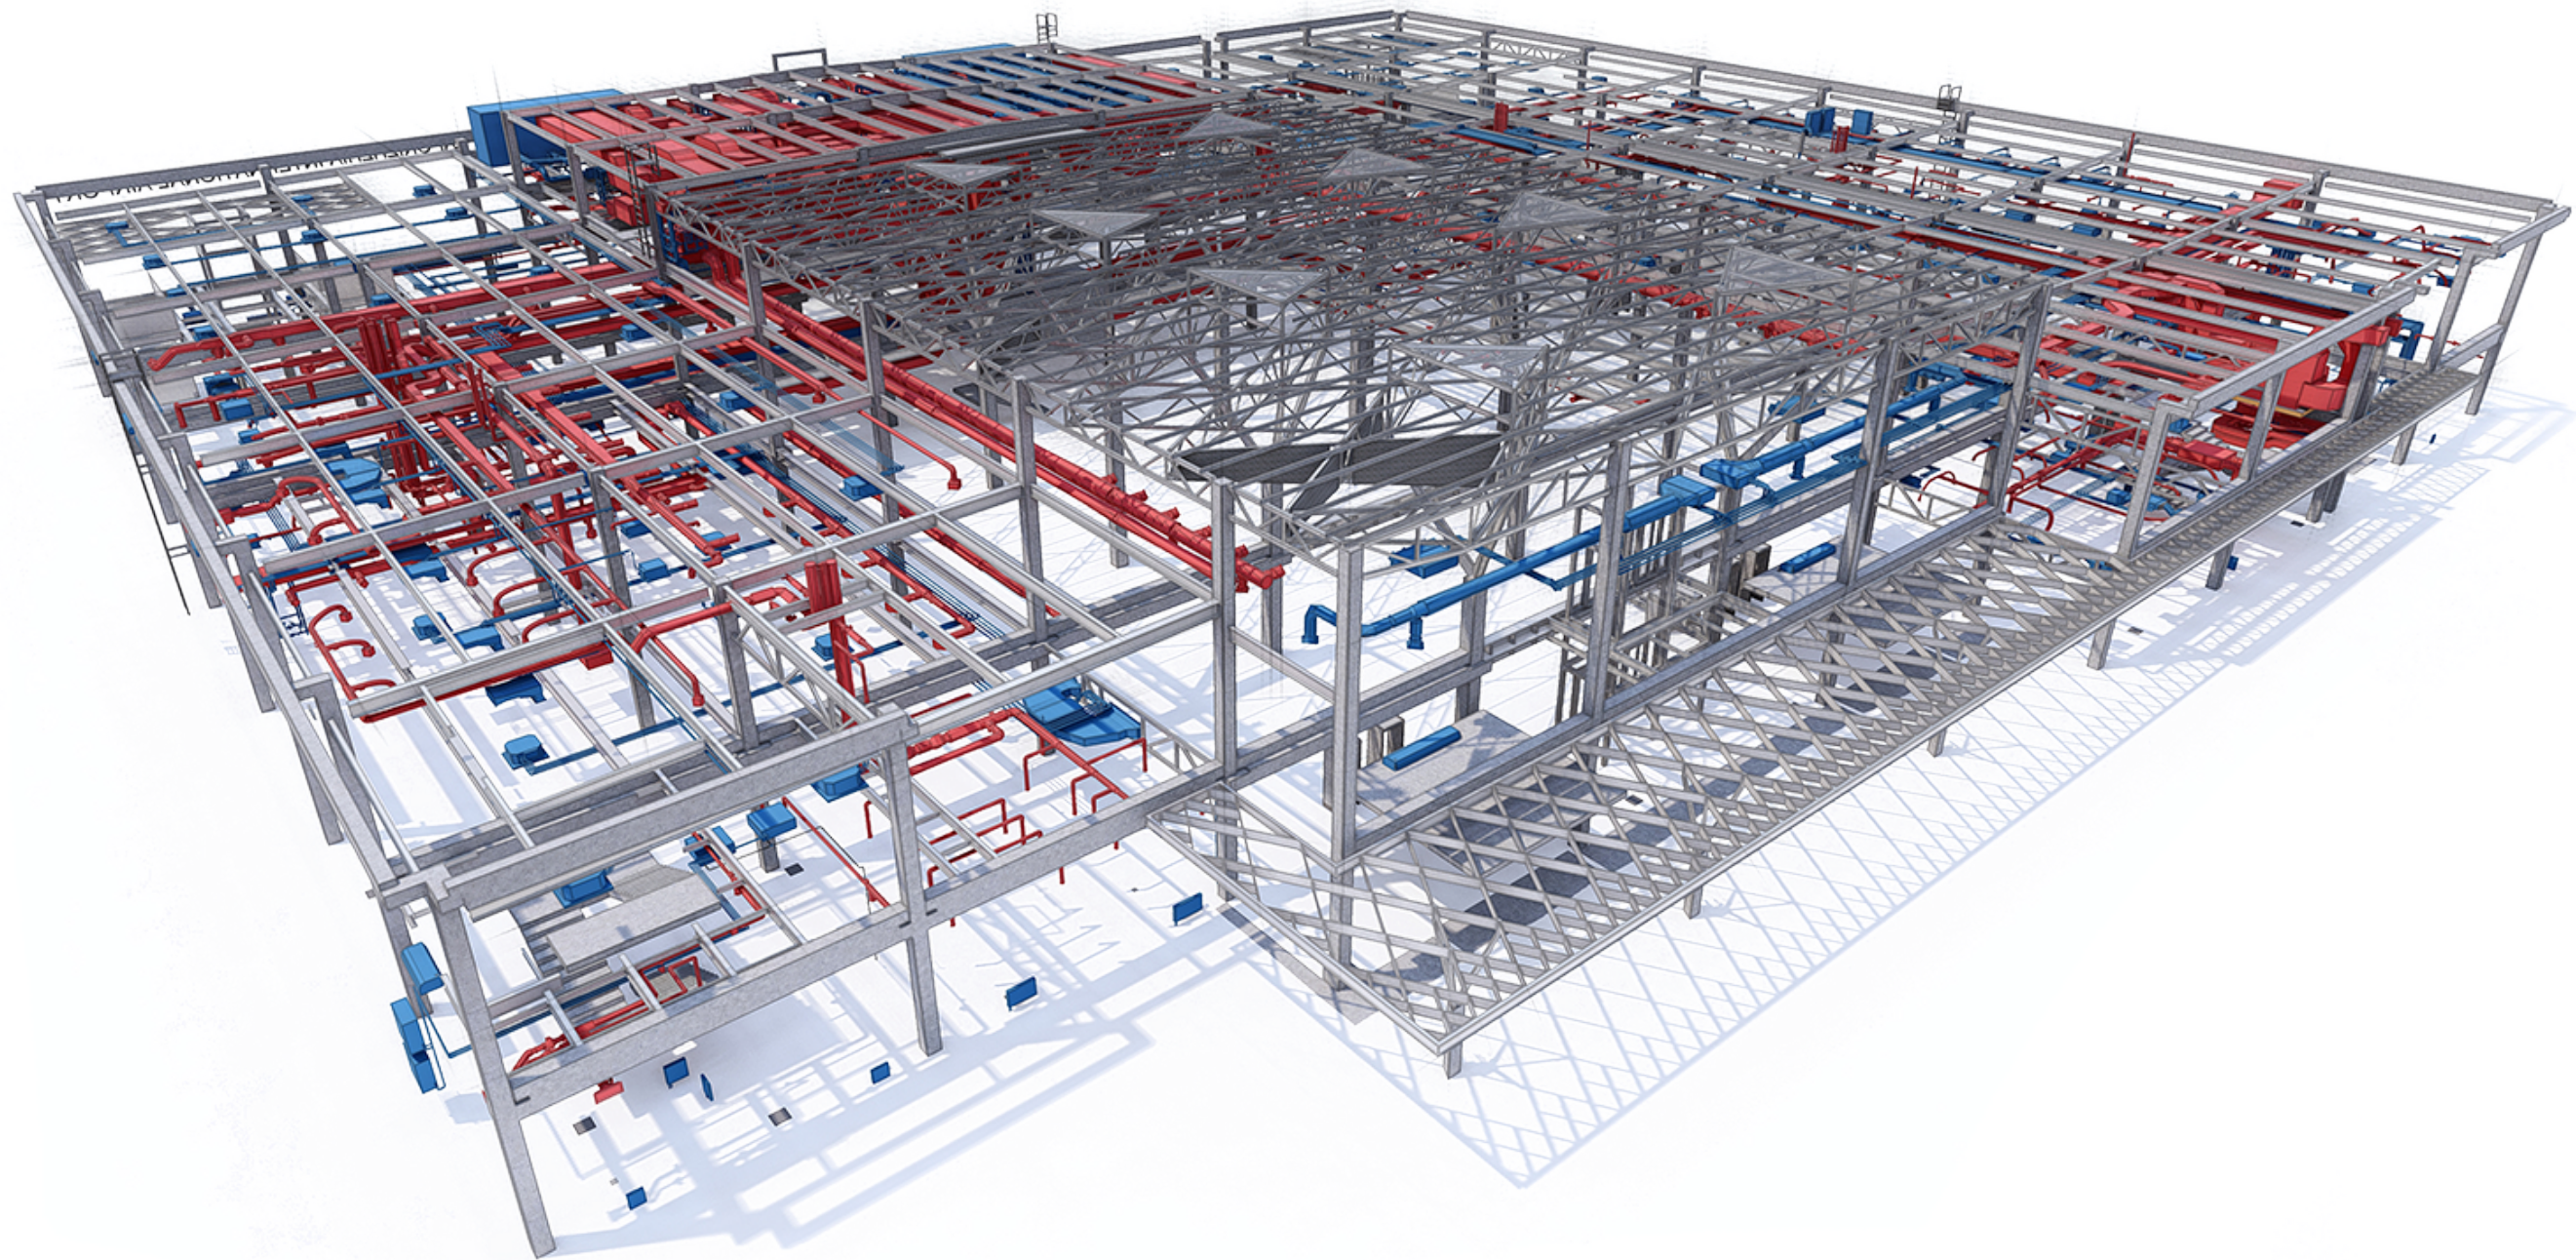

INTERIOR & LOGISTICS

The organization of logistics inside the terminal is designed so that the flows do not intersect at all. Main staff arrive and access their work through staff only areas thus avoiding passenger flows.

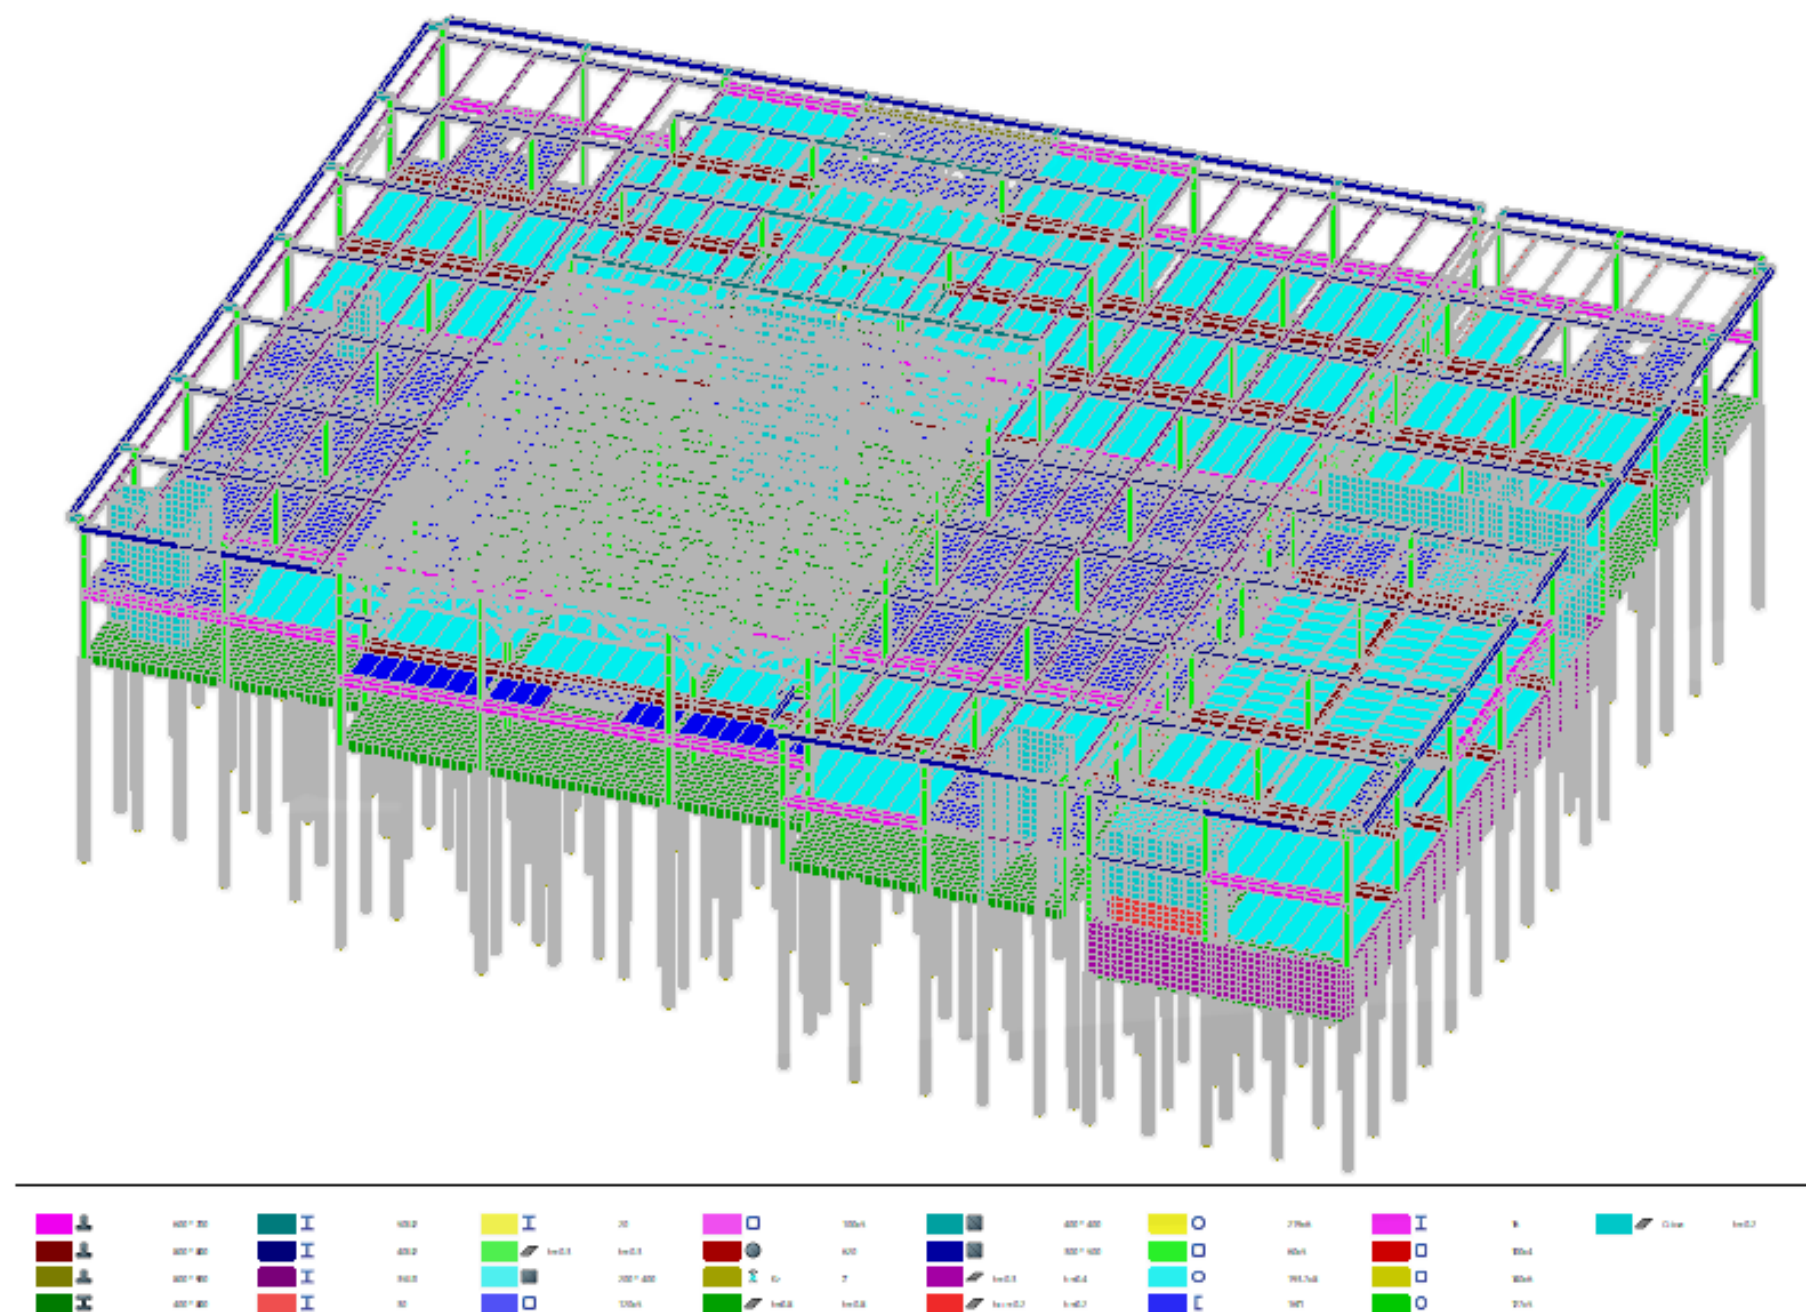

Thanks to this design, the number of security control points has been kept to a minimum, reducing also the number of security personnel required.

BIM Model of Airport Zaporizhzhia

MAIN FEATURES

The specialists of our company carry out all calculations for the reinforced concrete frame and metal structures in Tekla Structural software.

Renovation of International Airport Vinnitsa

LOCATION

Vinnitsa, Ukraine - 11 000 sq. m.

PROJECT YEAR

2019 - 2020

CHIEF ARCHITECT

Agafonov Oleksiy

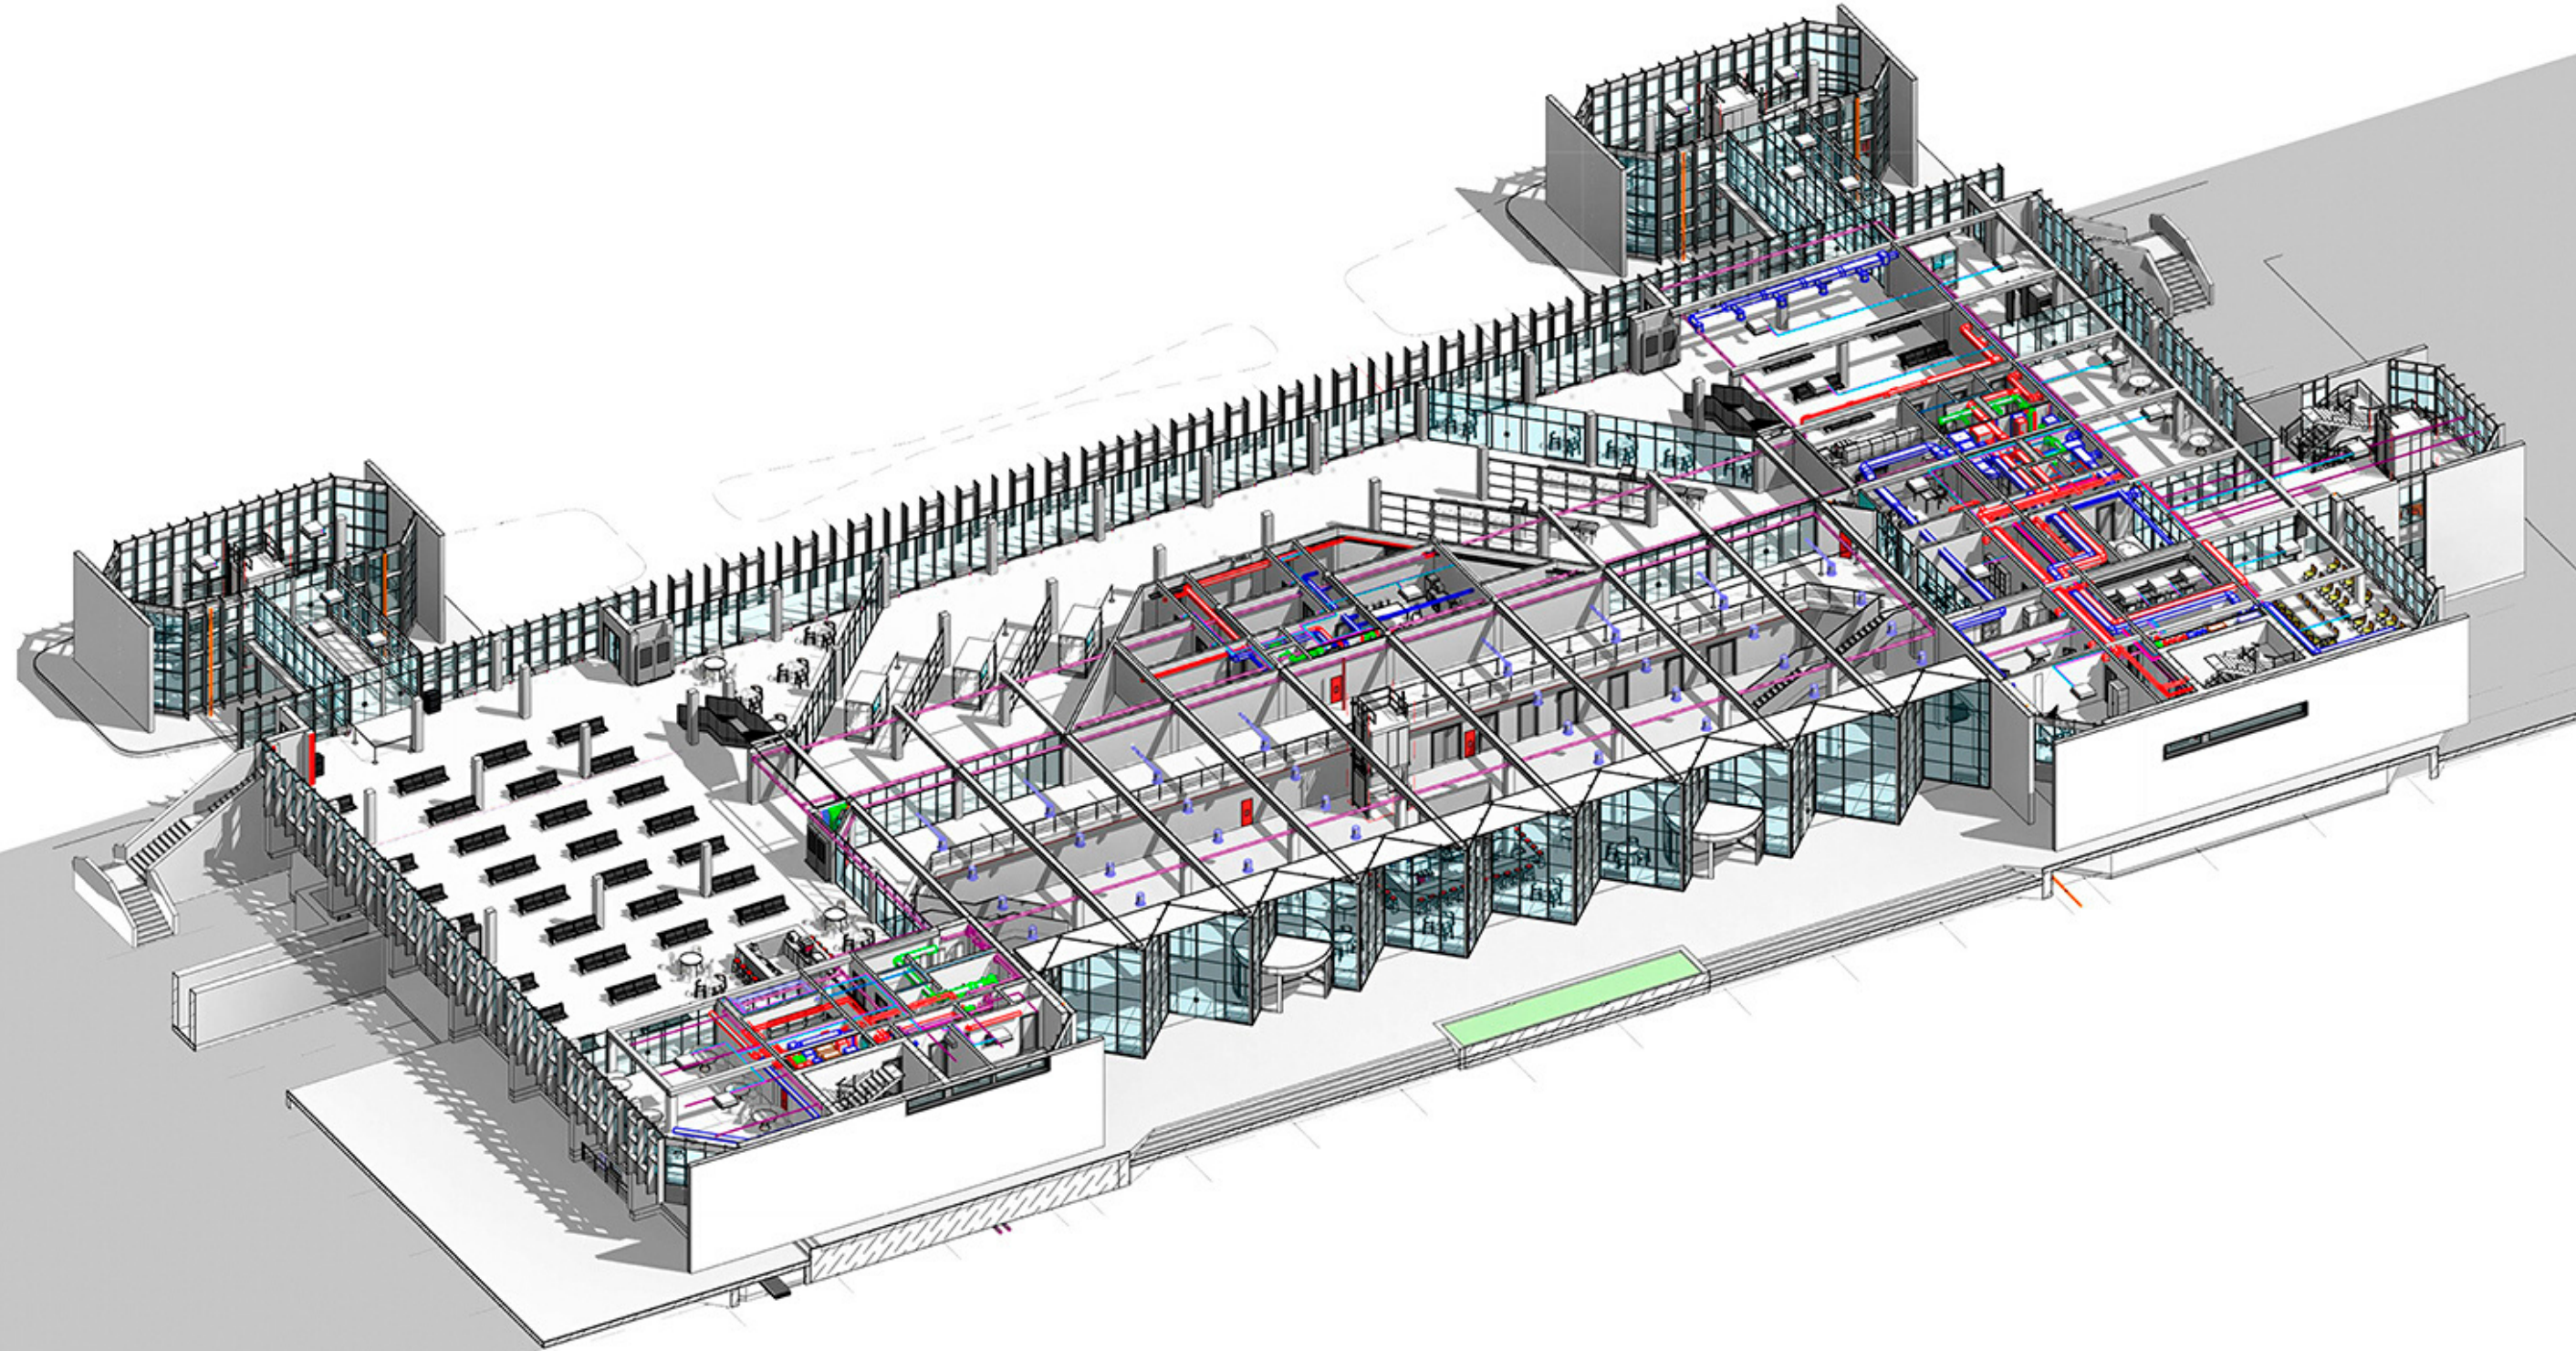

KEY FEATURES

The facility has a reinforced concrete frame, some of the floor panels will be removed for the possibility of building the 2nd and 3rd floors up. The project meets the CC3 impact class, with a seismicity of 7 points.

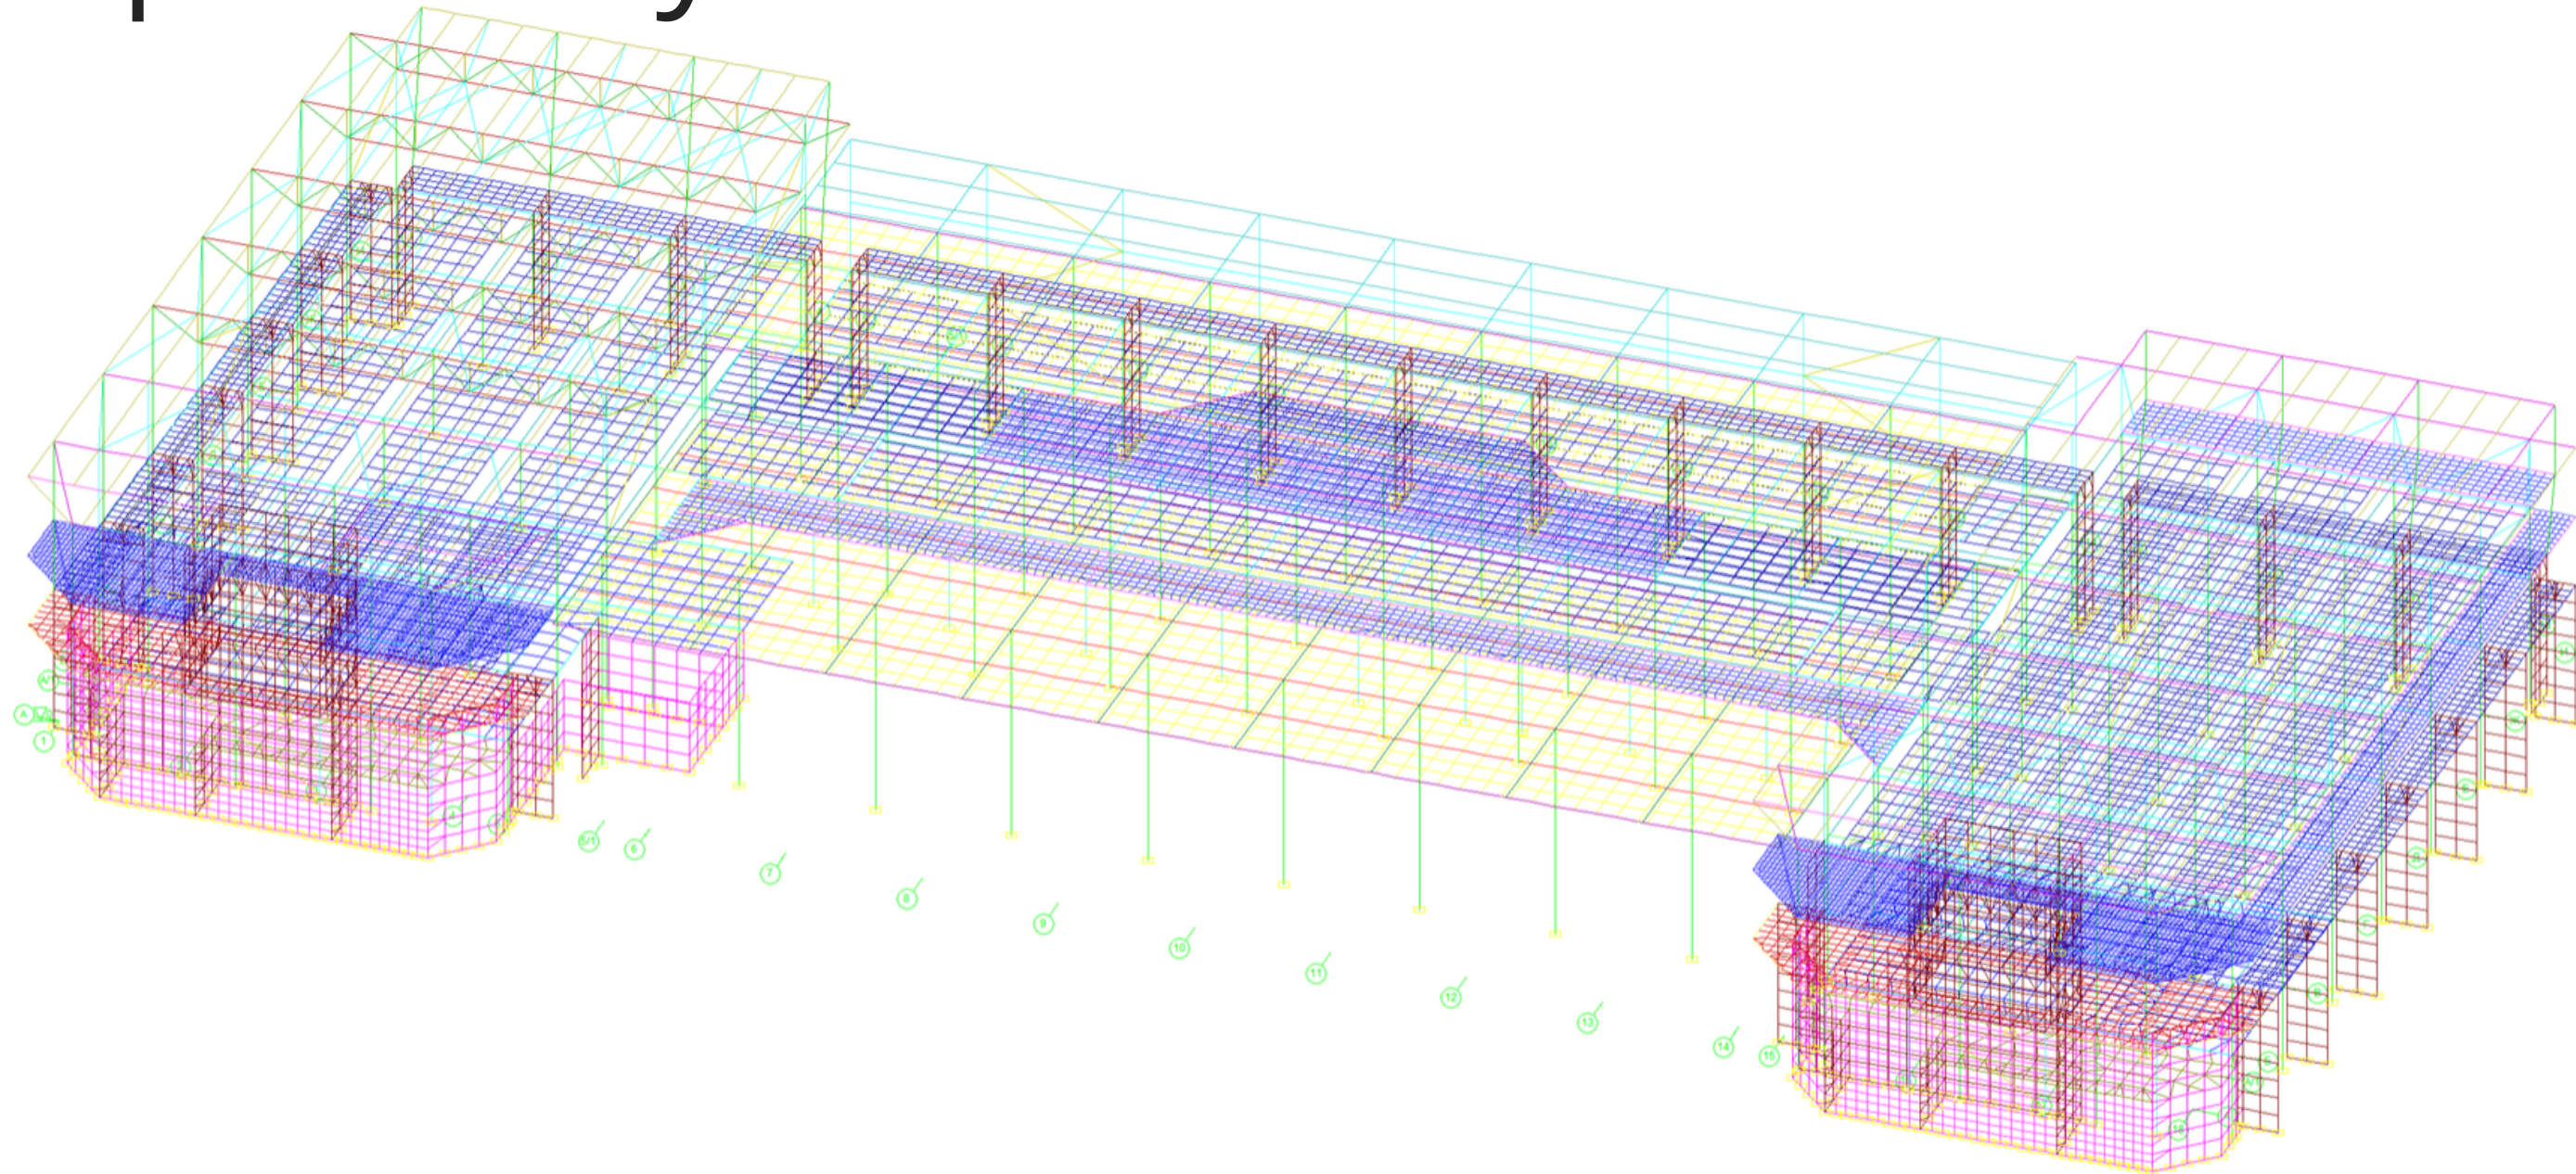

The project also includes: pumping station of fire and drinking water supply, modern parking, with places for electric cars and landscaping.

BIM Model of Airport Vinnytsia - DD stage

International Airport Dnipro

LOCATION

Dnipro, Ukraine - 26 000 sq. m.

PROJECT YEAR

2020 - 2022

CHIEF ARCHITECT

Agafonov Oleksiy

MAIN FEATURES

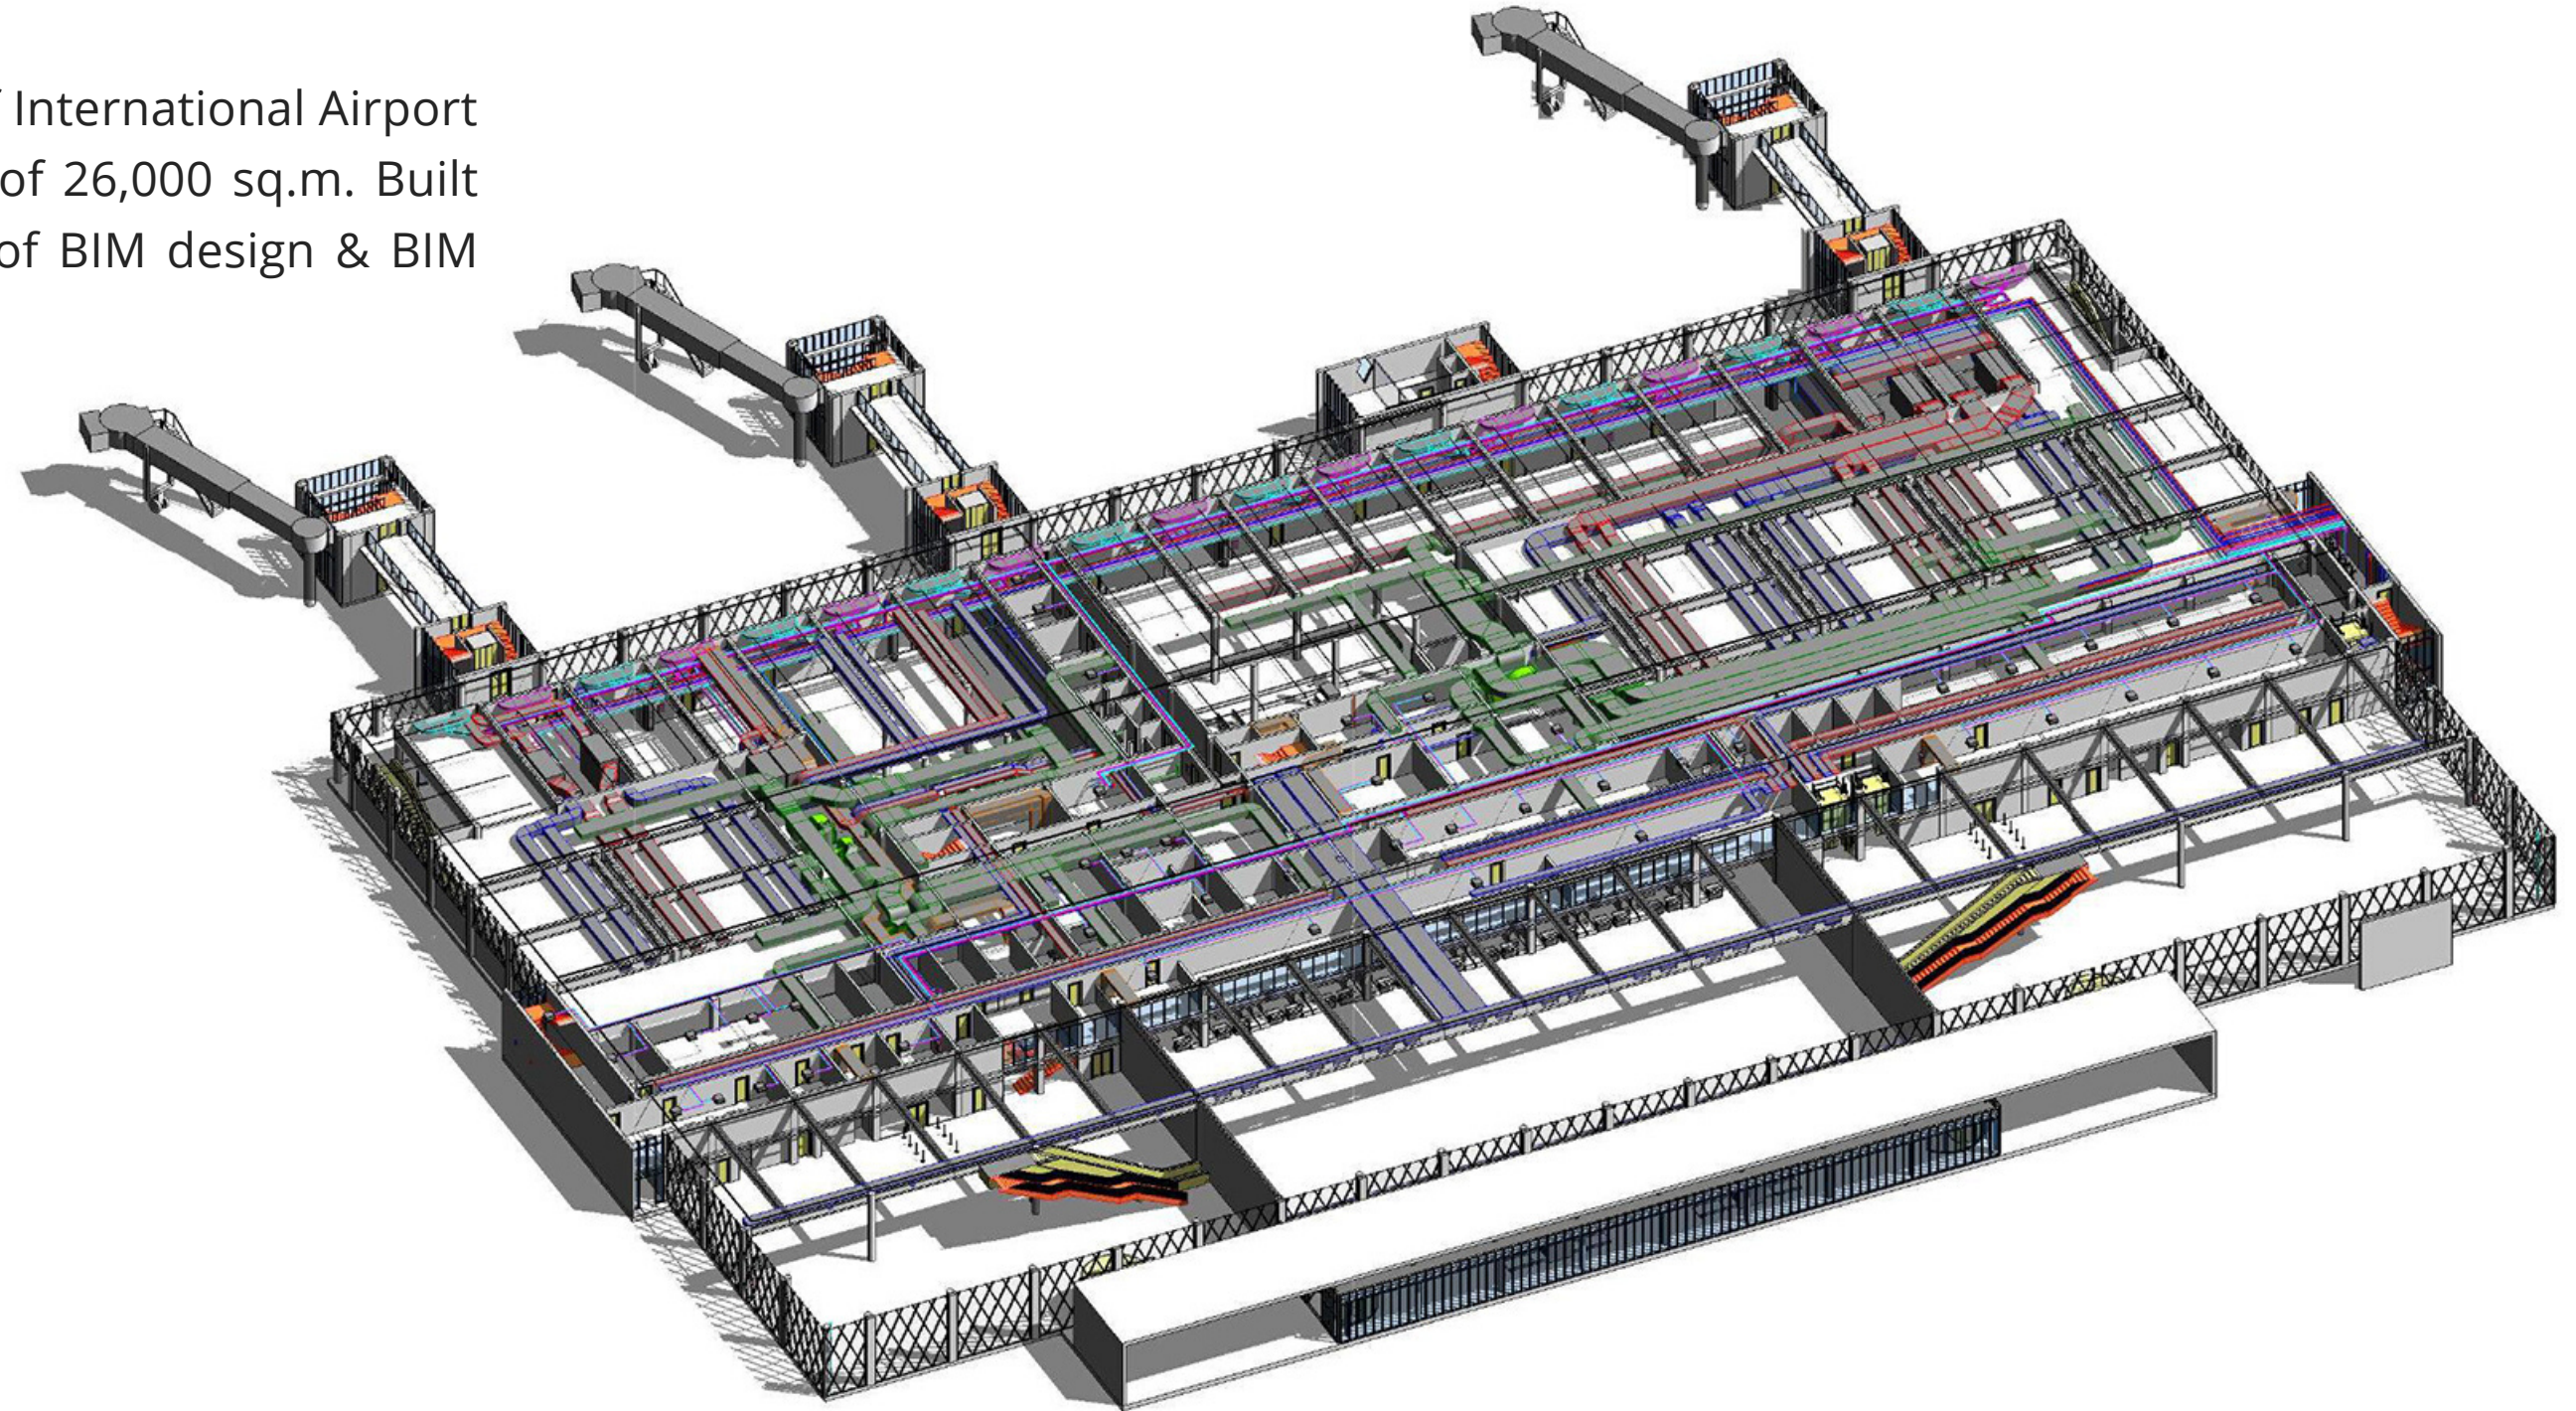

The terminal is designed to serve 1.6 million passengers a year, with a possible further expansion of up to 3 million a year without significant changes in technological processes.

According to modern requirements, the new terminal meets the class A, B energy efficiency. In order to achieve this, a number of measures have been implemented, namely: the conditions of the international standard of energy efficiency EN are fulfilled, the maximum thermal-technical characteristics of the facade systems and the insulation of the roof are envisaged.

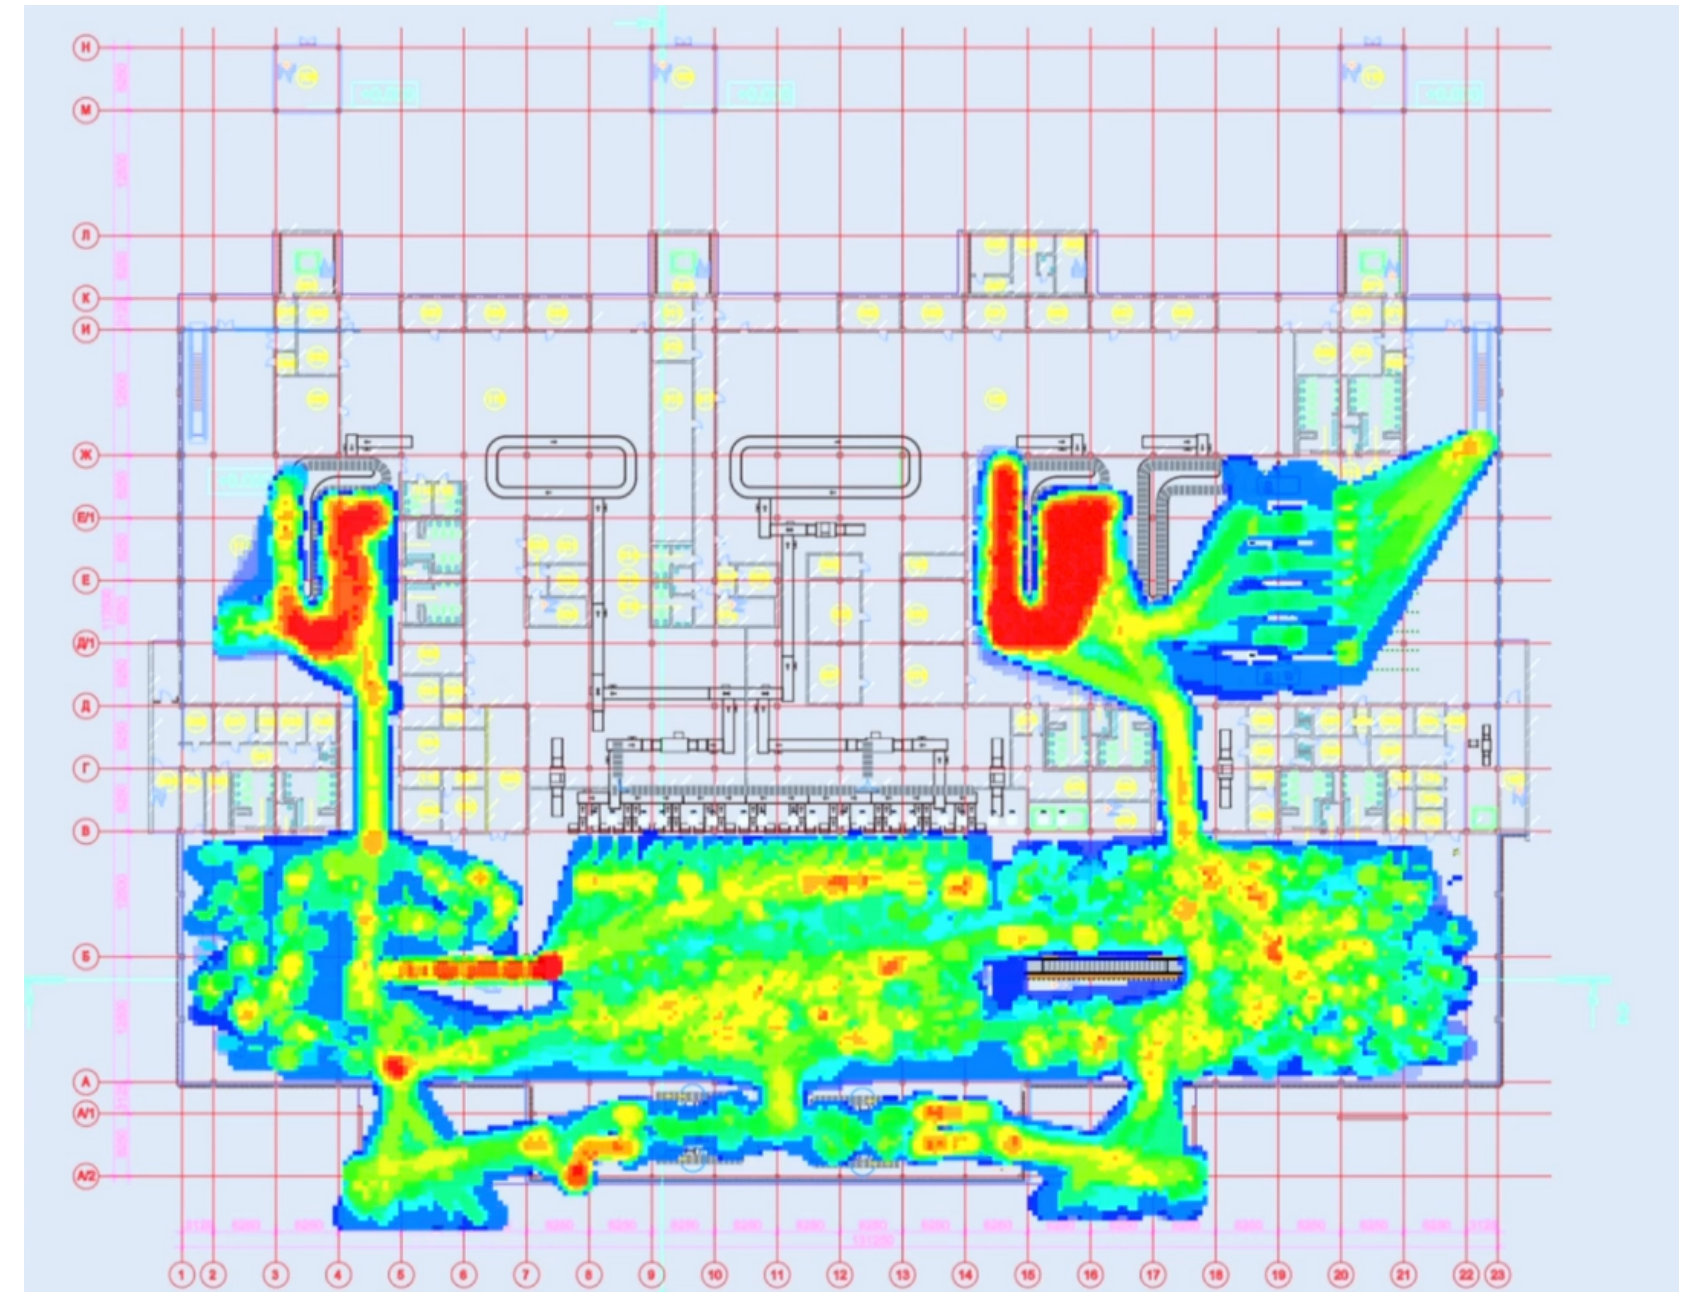

BIM Model of Airport Dnipro

MAIN FEATURES

The passenger terminal of International Airport Dnipro will have an area of 26,000 sq.m. Built on modern technologies of BIM design & BIM management.

Passenger Flows of Airport Dnipro

Renovation of KARAVAN Mall

LOCATION

Kyiv, Ukraine - 54 000 sq. m.

PROJECT YEAR

2019

CHIEF ARCHITECT

Agafonov Oleksiy

FACADES OF A SHOPPING CENTER

The front part of the five-story office is made of dark folding with illuminated slats. New entrance groups are being designed, two of which will be able to receive and carry visitors to the shopping center directly under the canopy.

Each input group has its own color to match the color of the galleries.

GALLERIES OF THE SHOPPING CENTER

The galleries are bright and refreshed with 650 lux suites, equipped with small-island islets and recreational areas, with phone charging capabilities. New LED fixtures are designed directly for this facility.

Dropped ceilings are individually designed as multilevel and used for the first time by this Ukrainian manufacturer.

05

International Airport Chernovtsy

LOCATION

Chernovtsy, Ukraine - 14 000 sq. m.

PROJECT YEAR

2019

CHIEF ARCHITECT

Agafonov Oleksiy

Apartment Building, st. Sribnokilskaya 3

LOCATION

Kyiv, Ukraine - 70 000 sq. m.

PROJECT YEAR

2013

CHIEF ARCHITECT

Agafonova Oleksandra

MAIN FEATURES

We undertook the general design lead by chief architect Aleksey is Agaphonov, and our company L-STIK Ltd performed engineering networks.

Atmosfera Shopping & Entertainment Centre

LOCATION

Kyiv, Ukraine - 70 000 sq. m.

PROJECT YEAR

2012

CHIEF ARCHITECT

Agafonova Oleksandra

07

MAIN FEATURES

It is a premium retail and leisure centre. "Atmosfera" shopping and entertainment center was put into operation complex opened in 2014 and combines clothes and boutique accessory stores, and a entertainment centre with bowling, children's zone, and a supermarket "Furshet-Gurman".

UVT Group provide full architectural and interior design services.

Hotel "Ramada Encore" Business Centre "Europe"

LOCATION

Kyiv, Ukraine - 80 000 sq. m.

PROJECT YEAR

2012

CHIEF ARCHITECT

Agafonova Oleksandra

MAIN FEATURES

We were appointed main architect and interior design for the the Hotel complex Ramada Encore. The hotel contains 264 standard rooms and 58 service apartments.

It also features well-equipped conference halls of 2,500 square meters total area.

Hotel & Office Center

LOCATION

Kyiv, Ukraine - 10 500 sq. m.

PROJECT YEAR

2020

CHIEF ARCHITECT

Agafonov Oleksiy

CONCEPT

OFFICE

The project is unique, with a distinct facade and modern interior. For the city, it will become a hallmark of modern approaches to the city's development.

The facility has a reinforced concrete frame, some of the floor panels will be removed for the possibility of building the 2nd and 3rd floors up.

Carribian Hotel & Resort

LOCATION

Caribbean Islands - 19 000 sq. m.

PROJECT YEAR

2018

MEP DESIGN, SD, DD, BIM

CHIEF ARCHITECT

Hembert Penaranda

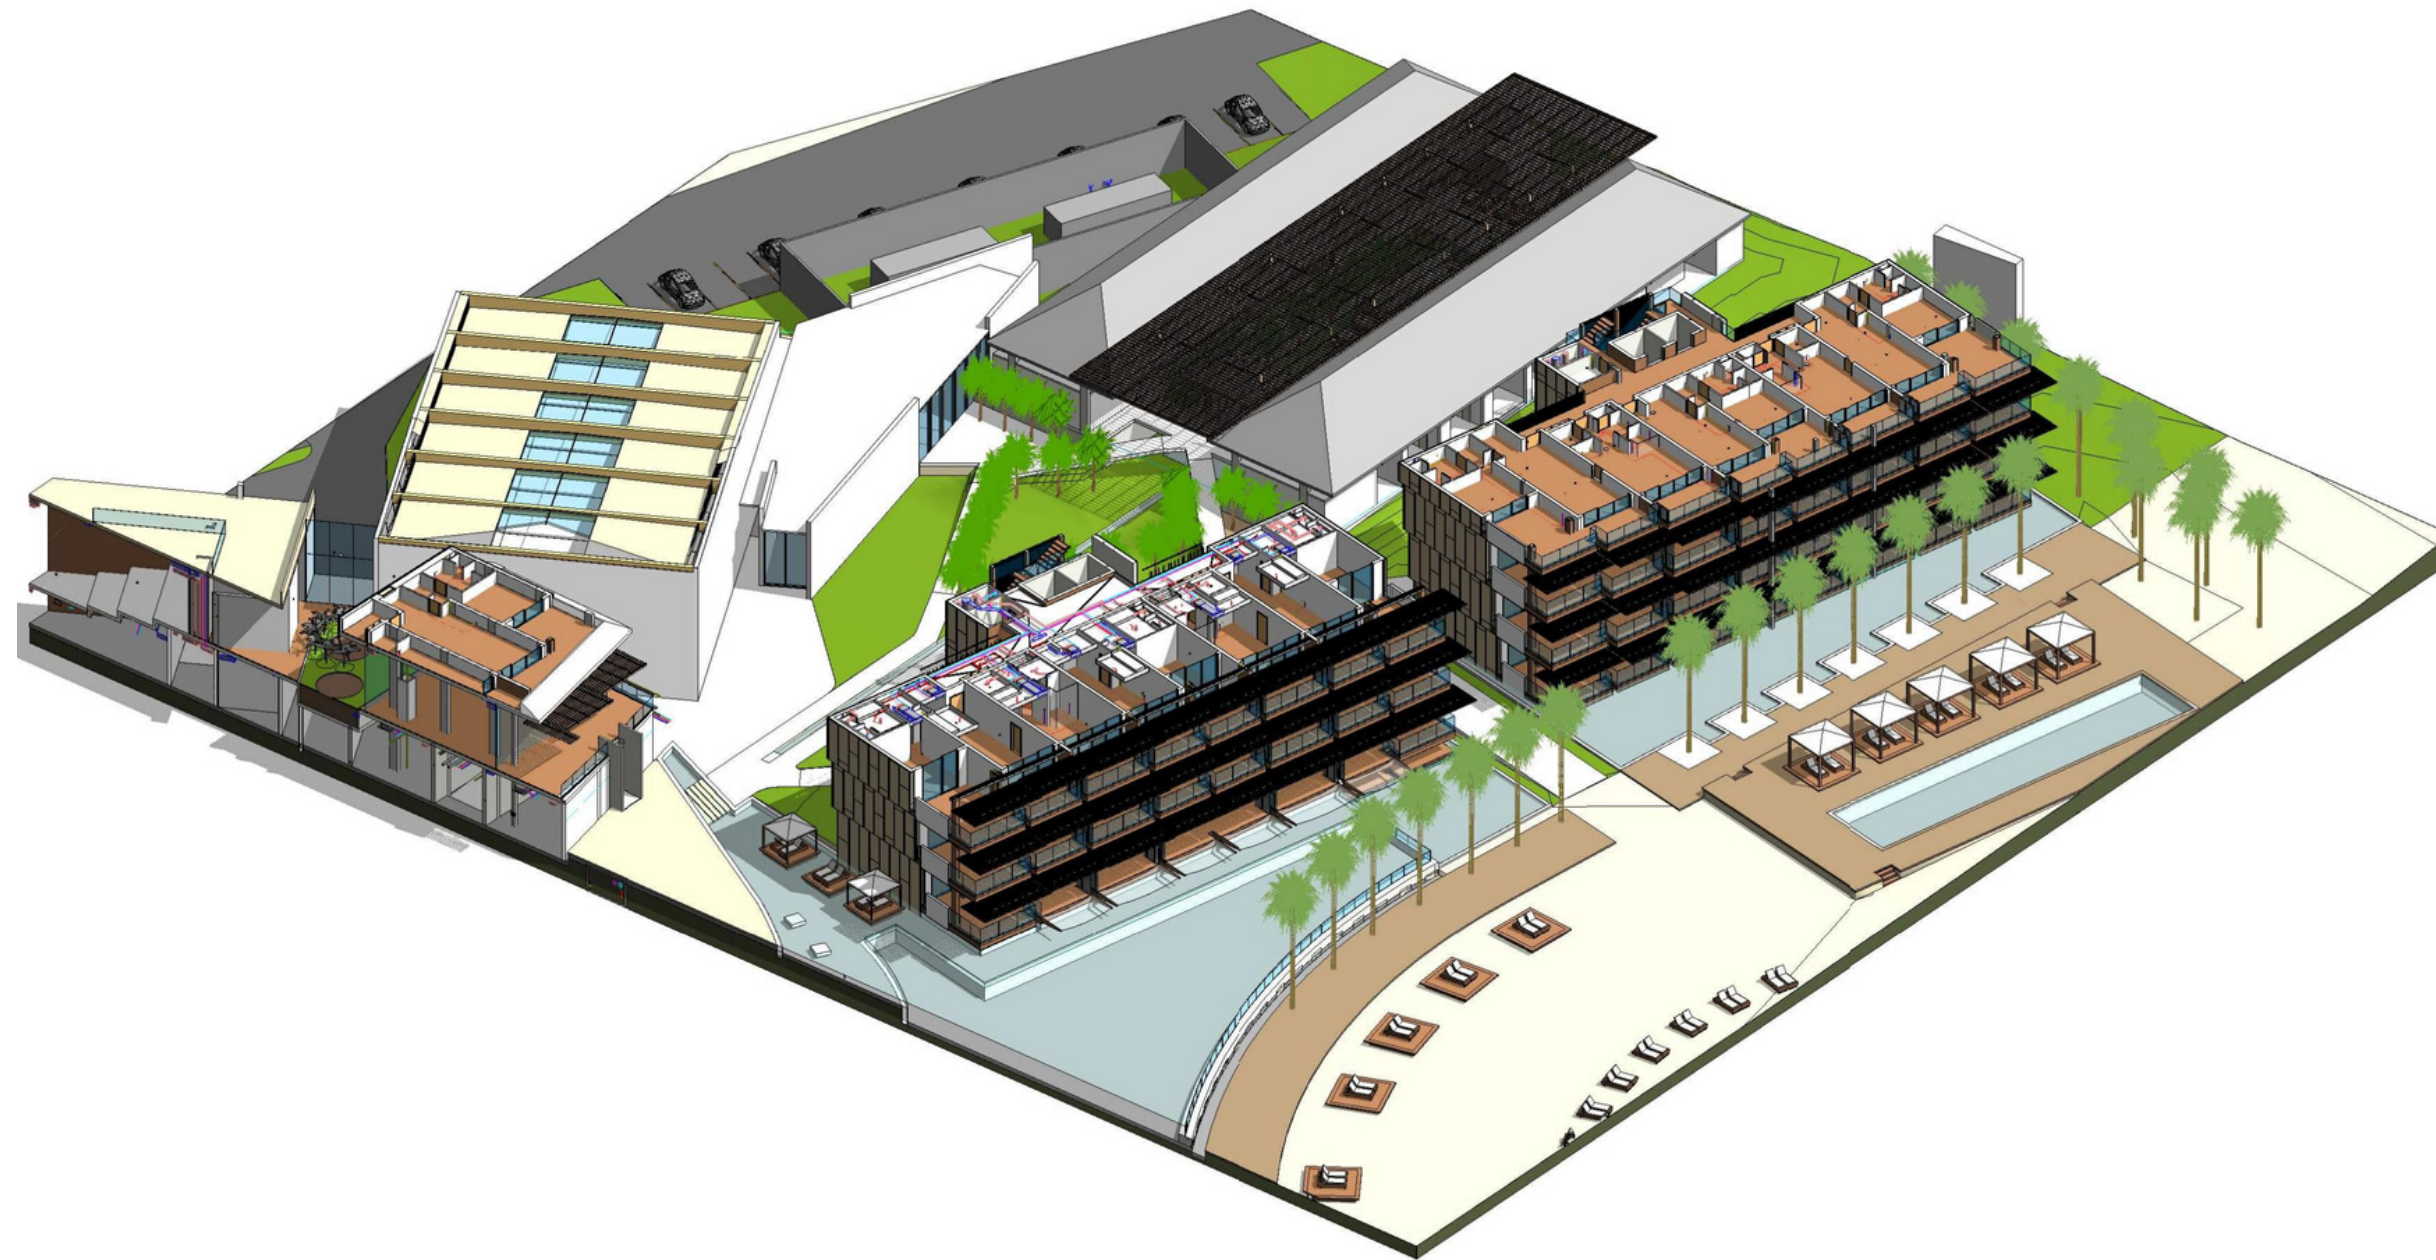

MAIN FEATURES

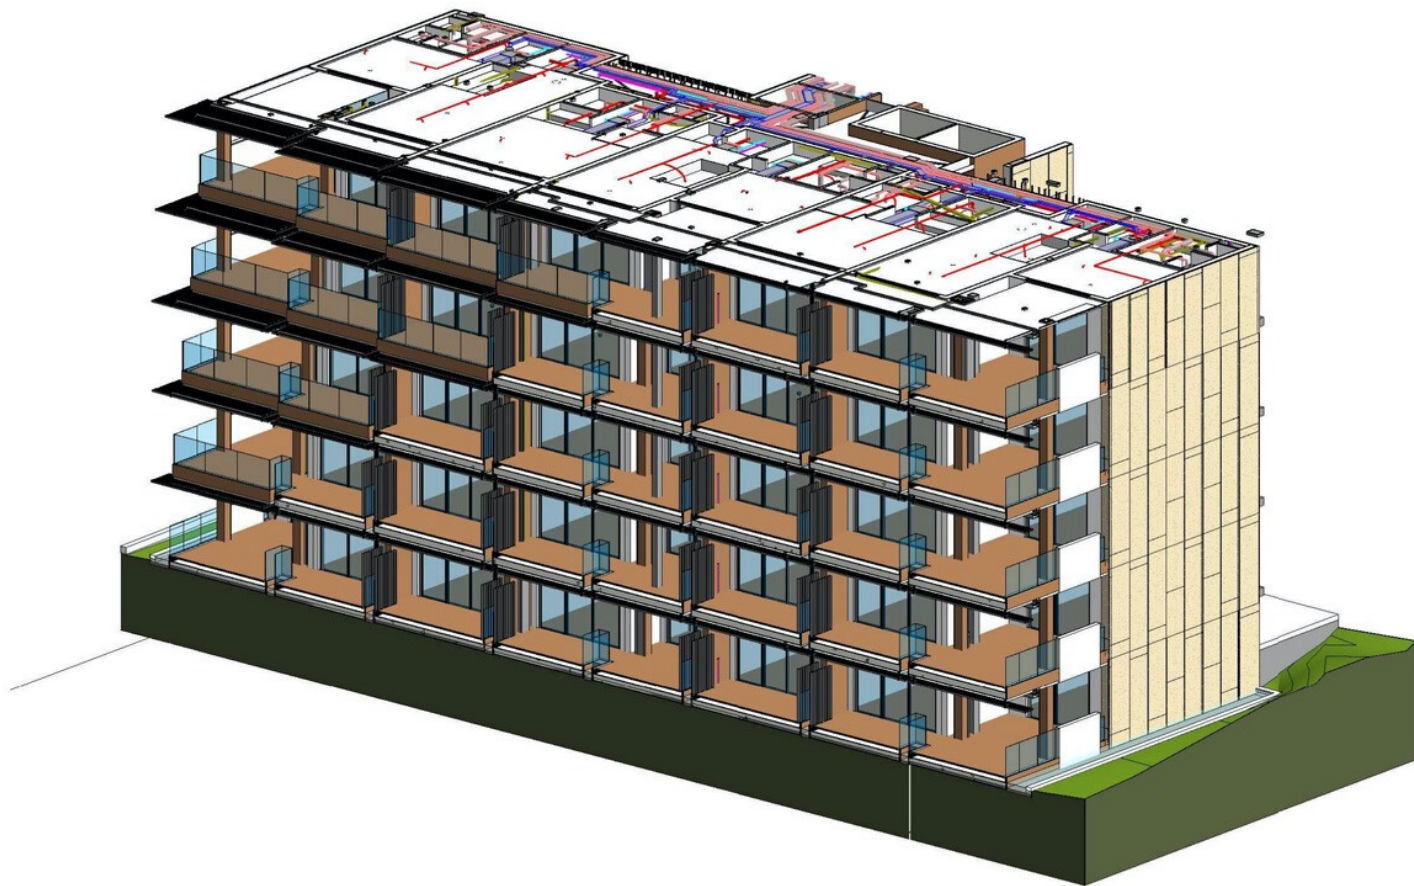

It's also a good idea to pair data with visual aids like charts, graphs, or images. Remember to keep your presentation easy-to-read.

Avoid overloading a slide with too many words and choose a color palette that won't distract the audience.

Terminal "A" of Kyiv International Airport

LOCATION

Kyiv, Ukraine - 14 500 sq. m.

PROJECT YEAR

2012

CHIEF ARCHITECT

BP-PM

MEP DESIGN

UVT GROUP

MAIN FEATURES

It is a unique airport as it is located practically near the center of Kyiv. Our company performed design and assembly of the engineering communications systems for the main terminal building and subsidiary facilities.

Terminal "B" of Kyiv International Airport

LOCATION

Kyiv, Ukraine - 4 500 sq. m.

PROJECT YEAR

2013

CHIEF ARCHITECT

Baranov Evgen

MEP DESIGN, BIM, INSTALATION

MAIN FEATURES

M&E design and engineering services was performed for International airport "Kiev".

Terminal "D" of Kyiv International Airport

LOCATION

Kyiv, Ukraine - 4 500 sq. m.

PROJECT YEAR

2013

CHIEF ARCHITECT

Agafonov Oleksiy

MEP DESIGN AND INSTALATION

UVT GROUP

MAIN FEATURES

Terminal D of International airport "Kiev" (Zhulianu) was carried out by our group from the project stage to opening in four months.
